

## **What's New in PCSS Upgrade 1.94**

We are pleased to announce the release of PCSS version 1.94. This upgrade contains several CMS mandates and product enhancements effective July 2008, including these highlighted changes for both institutional and professional processing.

- **National Provider Identifier (NPI) Support** – Numerous changes made to PCSS in support of Stage 3 and Stage 4 of the NPI implementation; and
- **HCPCS Annual Update** – Includes the CMS annual HCPCS code file.

**Note:** Please refer to your MassHealth provider manual for information about acceptable codes.
